INTRODUCTION TO ABEL BLOCKS

The unique shape and the impressive size of the blocks ensures that everything you build with the Abel blocks immediately looks quite beautiful. Every block is made with love and by hand from a piece of beechwood.

Mother nature has decorated them with a beautiful drawing. Abel blocks can be greatly used to advance fine motor skills, concentration, perseverance, creativity and fantasy. It's also fantastic play material to teach children to work together. The Abel blocks come in four different sets with 12, 24, 72 or 240 blocks

ABEL BLOCKS 12

With 12 blocks, this is a wonderful set to get acquainted with the creative possibilities of the Blocks. This set is also great for younger children. Building towers, creating surprising figures and exciting balance games are possible. If you want to expand the set later, you can easily do this with one of the other sets. The set comes in a cardboard box.

ABEL BLOCKS 24

This set is challenging and still very clear and simple. With the 24 blocks you can make beautiful mandalas, towers and other structures. These blocks just love to be out of the box. Be amazed by your own creativity. The set comes in a cardboard box.

ABEL BLOCKS 72

This set guarantees a lot of fun. Because the set consists of 72 blocks, several children can build simultaneously. High towers, castles, walls, beautiful mandalas, the possibilities are endless! The set comes in a cardboard box.

ABEL BLOCKS 240

This is without a doubt the set for schools, daycare centres and for children who cannot get enough of the blocks. With 240 blocks, a whole group of children can build at the same time. Build impressive walls, super high towers, special figures and so on.

Abel blocks can be greatly used to advance fine motor skills, concentration, perseverance, creativity and imagination. It is also fantastic play material for teaching children to work together. This set comes in cardboard boxes.

INTRODUCTION TO ABEL BLOCKS mini

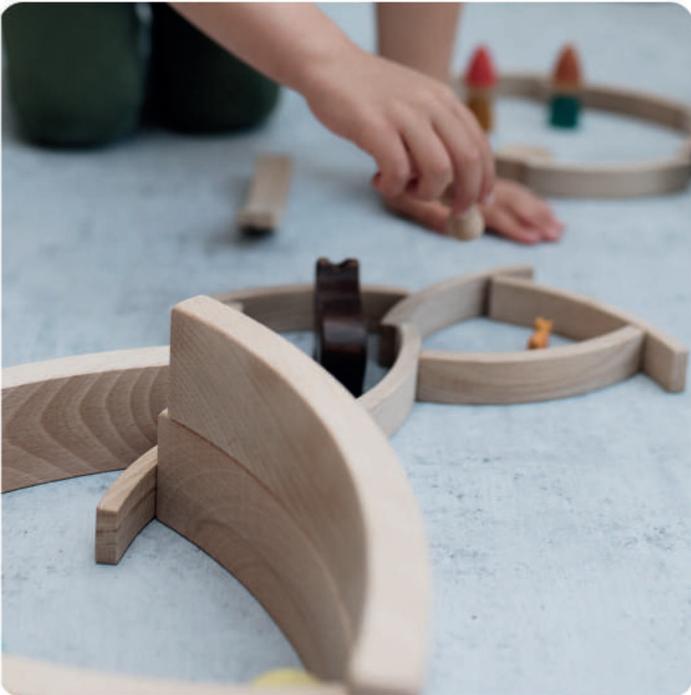

The Abel blocks mini are the little brothers of the Abel blocks. Two mini's are as long and as high as a large block. (mini size: 12.5cm x 2.4cm)

As soon as you see the mini's you want to touch them, and once you've touched them you just want to keep playing. They are irresistibly fun!

Play with the mini's on the table, on the floor or outside. Due to the small size, you can easily take them with you everywhere. Wherever you play and whatever you create with it, the elegant shape and the natural beechwood makes everything look so beautiful.

The Abel blocks mini can be perfectly combined with the large blocks, Grapat, Kapla and other open ended toys.

The 3 smallest sets can be sent as a letterbox package, so that makes it very economical to get the mini's to people's homes.

ABEL BLOCKS 12 mini

If you like to discover the possibilities of the Abel blocks mini, this is the perfect set. Create some beautiful mandalas, towers or some flatlays like you see below. It's all possible with this set.

Once you get the hang of it, you can easily expand this set with one of the other sets. The mini's are all the same size.

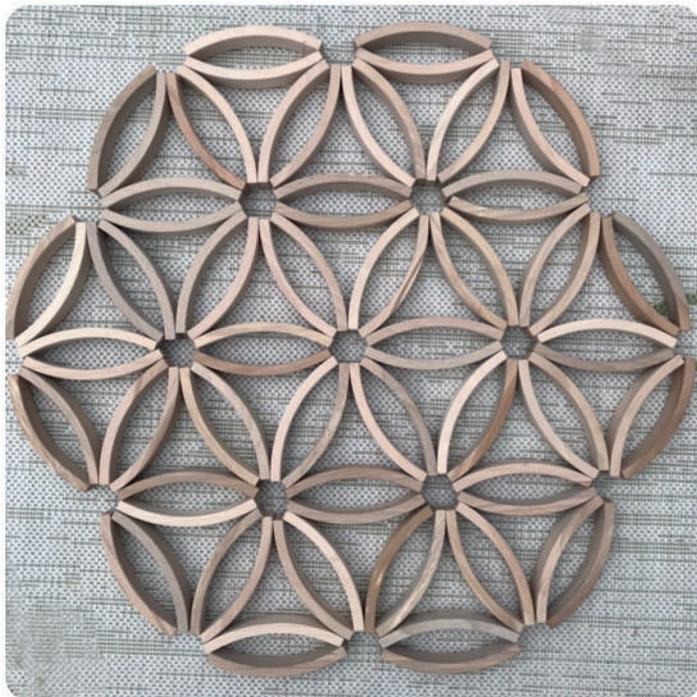

ABEL BLOCKS 36 mini

Be surprised about how open ended toys can be. Take the 36 mini's out of the box and they will change from a mandala, to a marble run or a castle. The Abel blocks mini provide a moment of rest, fun and sometimes a serious challenge. Combining them with your other toys makes them even more versatile. This set is very challenging and yet very clear and understandable.

ABEL BLOCKS 66 mini

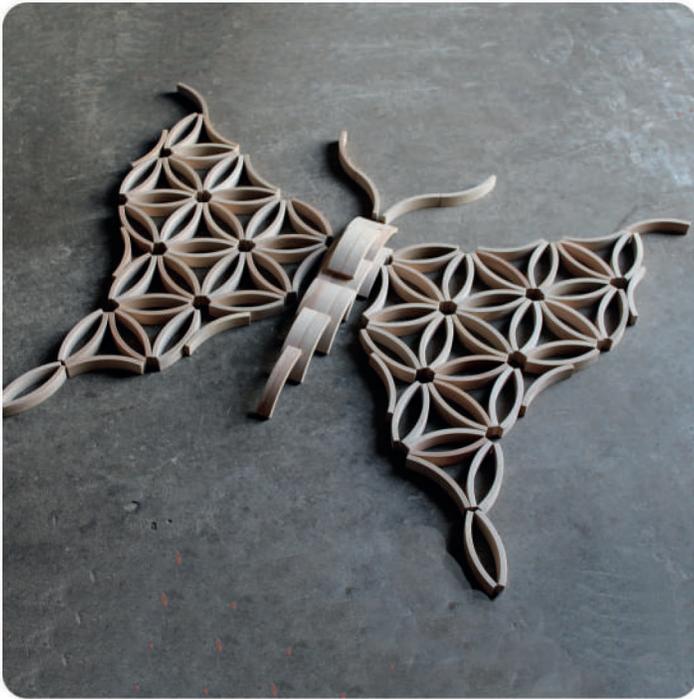

When you see the mini's, you just want to play with them. And once you start playing with them, you don't want to stop anymore. The good news is that you don't have to stop playing ever again with this set. Push your limits and build fantastic towers, marble runs and mandalas. Start building in a peaceful moment all by yourself, or ask some friends to join you.

ABEL BLOCKS 300 mini

Schools and childcare centers are always searching for toys that help children grow and develop in a beautiful way. This set is what they are looking for!

Developing fine motor skills, stimulating creativity and collaboration in new ways. Abel makes you realize that you can create beautiful things, and allow you to dream away in your own imaginary world.

INTRODUCTION TO ABEL TENT

Abel tent is a play tent the likes of which you've never seen before. Thanks to the specially designed tent poles and individual sheets of fabric, there is no end to the number of ways in which this tent can be constructed. It's always fun to play in, and especially with your play tent. Every time you set it up, you can create something new. The Abel 1 / box 1 is at the basis of every Abel tent. You can easily extend your play tent to the Abel 2 and the Abel 3 by adding box 2 and box 3

abel 1

The Abel 1 is perfect for young explorers and children who want to get to know Abel. This set is ideal for younger children. 5 large triangular sheets, and 1 tent pole make this set easy to use. The Abel 1 allows you to easily build your tent in a number of different ways. Please note: Abel 1 = box 1

box 1

Content box 1: 5 triangular fabric sheets * 7 tent pegs * 1 base * 1 tentpole * 1 ring * 2 buddies * 1 bag * 1 instruction manual (weight: 2,8 Kg.)

abel 2

The Abel 2 has 2 tent poles, and fabric sheets in 2 different shapes. The combination of rectangular and large triangular shapes creates incredible new building possibilities. You can build a simple teepee with the Abel 2, but you can also build much larger play tents. The rectangular sheets are 160cm long, which allows for some pretty large constructions. Please note: Abel 2 = box 1 + box 2

box 1

LOOSE PARTS OF ABEL TENT

This base is used to place the tent pole in, when you are building your play tent

Fabric sheets: in 3 different shapes and 4 different colors

The tent pole is placed in the base, and holds up all the fabric sheets (135cm tall)

In the bag you can place all your Abel tent

Tent pegs are used to anchor the fabric sheets when building on a soft surface

The ring slides onto the tent pole, and determines the height at which the sheets will be attached.

Buddies are used to easily attach the fabric sheets to each other
