..... Our mission is to:
Share stories. Connect families. Inspire children.

“Young people can be leaders in their own right. They can make important changes in their homes and schools — changes such as those suggested in our book. They can educate their families about climate change. Children around the globe are doing this, right now” — Christy Mihaly, author of *Barefoot Books Water*

Our Autumn 2021 Collection features three of our dearest values: conservation, community and connectedness.

Taking care of the planet is a form of empathy — and we can nurture it! Inspire the next generation of Planet Protectors by exploring six forms of renewable energy in *Planet Power* (p. 4) and take a deep dive into the fascinating science and folklore of our world’s most precious natural resource (see *Barefoot Books Water* on p. 2).

Plus, explore local and global communities with celebrations of the diverse ways in which families share food. *Dinner on Domingos* (see p. 10), *Dumpling Day* (see p. 8) and *Joy to the World!* (see p. 6) offer children a glimpse into a variety of family traditions.

We hope that you’ll be as entranced as we are by the colorful and joyful illustrations you’ll see by talented artists from around the world — in books containing messages that are more important than ever.

With gratitude,

Nancy

Empower young Planet Protectors with a global exploration of renewable energy.

"We have so many clever, clean ways to power our world . . . This book reminds us what a sweet planet it is — and that if we're careful, we can keep it rolling on!"
— **Bill McKibben**,
Environmentalist and Author

"When the sun shines, rooftops gleam. Solar panels catch sunbeams."

An environmental geologist, educator and climate journalist, author Stacy Clark enjoys distilling science into lively rhymes for young readers. Working between New York City and Dallas, Texas, USA, she is inspired by the awesome potential of renewable energy to transform the way countries around the world are powered.

To Live Barefoot is to:

believe in the transformative power of **storytelling**

know that **everyone** can make a **difference** and everyone has a right to be here

encourage **creative play**, remembering that **to play is to learn**

tread **softly**

embrace the connection between grassroots networking and global communication

honor diversity in every sphere of life: cultural and social; ecological and economic; emotional and spiritual

balance doing with being: doing work with being alive

make mistakes, laugh and cry, learn a little more, and start again

celebrate the art of story-making in all of its forms: in songs and stories, arts and crafts, music and movement

step into our power as individuals who know that **together we are part of something more powerful than we can be on our own.**
